ACKNOWLEDGEMENTS

There have been so many people who have shared information with me that it is not possible to list them all here. I have corresponded with over 700 persons about the family. I do wish to express my sincere thanks to all, and assure you that it has been a pleasure to get to know you, if only by telephone conversations and correspondence. I very much enjoyed discussing the PRATER/PRATHER family with the ones who have called. Many have stopped by and visited with me, this was a very pleasant experience and it is amazing in how many faces I could see PRATHER features found in my family's faces.

Since I started doing research for the family in 1976 a number of persons researching the family, some with whom I corresponded and who share information about the family with me, have died. Some are listed in Volume II and those who have died since then are :

Forrest Daniell, Houston, TX
Cecil C. Edwards, Boise, ID
Mrs Thelma M. Holden, North Little Rock, AR
Mrs. Robert E. Lentz, Floyds Knobs, IN
R.F. McCoy, Austin, TX
Viola M. Olson, Seal Beach, CA
Mrs. Ralph Perrin, Charlotte, NC
Mrs. Geraldine Prater, Birmingham, AL
John W. E. Prather, Mt. Airy, NC
Roy Prather, Little Rock, AR
Maj. Gen, Richard Prather, Baltimore, MD
Mrs. Kelda V. Thompson, Tallmadge, OH
Mrs. James A. Watson, Shreveport, LA
William M. Prather, Rossville, IL

I must acknowledge the work done by two persons whom I was not privileged to know and correspond with. Much of their information was made available to me by persons who did know and correspond with them. I found their work very helpful. They are:

Ephraim Stout Lillard, Washington, DC -- 15 Oct. 1965

Miss. Eva Hampton Prather, Brookhaven, GA -- 1 Nov. 1064

PREFACE¹

I still find it hard to acknowledge that a genealogy is never complete. But have learned to accept there will always be others records found that will add to, and sometimes change, the information we have worked so hard to compile as correct and as complete as we can.

There are so many duplications of names that without an Identity Code System it would be nearly impossible to keep member of the family separated. I have designed a system that I think will make it easier to keep them separated and I recommend you review this system as it is presented in Chapter 8 of Volume II before you start reading the book.

I have reached the time I must use the information I have and prepare the manuscript for this Volume for publication. I have spent four years organizing information for, and preparing, the manuscript. I have made every effort to be as accurate and complete as I can. With all my efforts there is the possibility errors will creep in. When you find them, will you please bring them to my attention? Where you have a record or document that proves the error, will you please share a copy of the record or document with me so I may include the correction in a future volume?

A complete list of all records I have found is in the Bibliography. This will save time for future researchers as they work to add to the information we have. I encourage all who do further research to publish the information they find.

In preparing the manuscript for this Volume I have used the spelling of names as they appear in records or documents. During the earlier days covered by this Volume it was not unusual for both Christian and surnames to be found with different spellings. For one of my ancestors, in the early 1800's, his surname was spelled three ways in the same document.

In this Volume I have included some probable family members for whom the information is far from complete and have indicated we do not have proof they are part of the family. I am sure there will be those who will believe they should not have been included. I have included them because others have worked hard and have kept records of their efforts. This information should be useful to others who in the future wish to continue serious research for these individuals and may help them prove where they belong in the family. I am a great believer that the more information for a problem the better chance one has finding the correct answer. Good luck to those of you who work on these problems and if you find an answer please share it with others and have it published somewhere or it will be lost again.

Near the end of this Volume in Chapter (?), Documentation, I have included Administrations, Bible Records, Court Proceedings,

¹ This draft PREFACE was created originally in anticipation of completing Volume III, so some parts are incomplete.

Deeds, Patents, Wills and Letters. In Chapter (?), Bibliography, I have included Manuscripts, References and Bound Volumes.

I have assigned Symbols similar to (A.O), (R.O), (C.O), (D.O), etc. to each item listed in Chapter (?), Documentation, and in Chapter (?), Bibliography, I have assigned (M.O), (R.O) and (B.V.O). Where these numbers are found in chapters of this book you should refer to Chapters (?) and (?). An early review of these chapters will be helpful when you read this the book.

Ephraim Stout Lillard, (1), (1894-1965) lived in Washington, D. C. and worked on the PRATER/PRATHER family genealogy from about 1909 to just before his death. Ephraim planned to publish a PRATER/PRATHER family history and genealogy, unfortunately he died before he published his book. His records are still in existence but are not available to researchers.

It was not my pleasure to know and correspond with Ephraim. I do know many who did know and correspond with him and they have been kind enough to share with me copies of correspondence they received from him as well as copies of correspondence he sent to others.

Following the information in Ephraim's correspondence I have been able to acquire copies of many of the documents and records he mentioned. Ephraim stated he had copies of Bible Records, Cemetery Records, etc. that I have not been able to find. It may now be that the only copies of these documents are the ones in his records. I continue to hope that someday his records will be available for research and someone will add the information to our family records.

When I say something is probably true, it means I have circumstantial evidence it is true, but do not have specific documentation. Therefore I can not guarantee it is true.

It is my wish that each person who acquires a copy of this book has as much joy reading and suing it as I have had in compiling it.

SYMBOLS

The following are Symbols I have used through the book. These Symbols are designed to permit quick reference to detailed information and eliminate having to type this information many times in the book. I believe this will improve accuracy and reduce the size of the book.

ADDENDUM

This addendum is prepared to correct errors found in Volume I and Volume II, since publication. Credit will be given to the person who wrote me and gave me the information to make the correction. Also additional information for some families, which I did not have at time of publication, has been sent to me and that is included in Volume III, with credit. If credit is not given the error and/or additional information was found by the compiler.

Jean W. Young (23) and Jeannine Burger question whether her son WILLIAM was an Administrator of her estate because of his age. A close reading and study of (L.65) will make clear heir reasons. Information I have says that WILLIAM was b. ca. 1777 and this works well with the birth dates of his siblings birth, all of which are estimated. In a deed dated 29 Aug. 1812 it is said that WILLIAM died before he arrived to full or mature age. WILLIAM PHILLIPS and THOMAS WILLIAMS Administrators of ANNE's estate made bond 7 Aug, 1797. The WILLIAM PHILLIPS who was Administrator was dead when THOMAS WILLIAMS, surviving Administrator, made an accounting of his Administration in Dec. 1799. This makes it doubtful that her son WILLIAM was one of ANNE's Administrators. (L.65) . Others should be on the watch for any information that bears on this problem.(JWP, Jr.)

John Hunt Prather, of Philip, born 1735, married Eleanor Turner. However, they were in North Carolina in 1753, so perhaps they married there (L.71). The earliest record I have for John Hunt in North Carolina is when he bought land, in Rowan

County, N.C., from Edward Turner and wife, 13 July 1763 (D.93) (C.42). In 1763 John Hunt was 28 years old. In 1753 he would have been 18 years old and I doubt he would have been married and in North Carolina buying land. John Hunt's father Philip Prather, Sr. (3.029.04) and his family moved to North Carolina after 2 Sep. 1756 and the first record for him was in the oldest court records of Orange County, N.C. in 1761. He was in Orange County, N.C. as late as 1765 when he served on a jury with Jesse Brashear - Vol. II p. 37 - (L.19, See Vol. II pages 371-372). I believe that John Hunt may have moved to North Carolina with his father in 1756 when he was 21 years old and may have been married at that time. This brings in to question the date of his marriage. (Some information provided to Jean Young by others is, in my opinion, incorrect. This information says that Frances and John had a son named James Phillips who was b. ca. 1782. My records show Frances was b. ca 1770 and this is consistent with the dates of birth of her siblings. John was probably b. ca. 1769 by some information. Frances would have been 12 years old and John would have been thirteen years old when James was born. Therefore, in my opinion, they could not have been his parents. I believe that Frances and John m. ca. 1790. I have not included James herein. NOTES ON THIS DOCUMENT

In April of 2007 John decided to distribute this Volume I and II Addendum and asked me to help. My mission is assisting John by recreating this Addendum in a form for electronic distribution to interested researchers. The chosen format is Adobe Acrobat Reader PDF. Since he was not able to provide me with a computer file, this is accomplished by scanning his hardcopy pages using OCR (optical character recognition) to make searchable pages, creating and inserting an index, and making the document available as read-only. The last thing we need is edited, home-brew versions wandering the internet.

As of 18 June 2007, John is gathering his remaining manuscripts to send them to the Special Collections section of the Maryland State Archives, since he is not able to work on them any longer. He estimates that Volume III (of which this is the “shell”) is about 60% complete. The ID of the collection is as follows and in the future will include the current works:

As an assistant to John, here is what I can and can't do for those who have questions-

What I can do: If there are inconsistencies or seem to be typos, I can look at John's originals and see if the electronic copy is consistent. I can be contacted at martin@prather.net

What I can't do: If there are issues about the content or changes shown here, you will need to contact John at his mailing address indicated in the PREFACE.

H. Martin Prather, Jr.

INDEX

In preparing the manuscript for this Volume I have used spelling for names as they appear in documents and records. The same spellings are used in the preparation of this index. Where a name appears in () indicates a woman's maiden name.
